of the Plan.**

*For the different Editions
Squares or Areas of different
land down, were first done
advantageous ground, can
extensive purposes, and the
such improvements as either now
rather call for
times of direct communication have
most the separate and most distant
signal, and to preserve through the whole
at the same time. Attention has been
of these existing Streets over the main to
r prospect and convenience
Smith first, succeeded by others resulting*

Perpendicular height of the
First Branch above the tide
in this Creek _____

The water of this Creek may be raised
on the high ground where the Capitol stands
and afterwards the water of the City may
be drawn to other useful purposes.
The perpendicular height of the ground
where the Capitol is situated, is about
the height of this Creek, 18 feet.

Lat. Capitol, _____ 38.53. N.
Long. _____ 0. 0.
