Wearing a mask is still the easiest way to save lives and stay safe. For a happy and healthy holiday, follow these simple steps to protect yourself and those closest to you:

1.

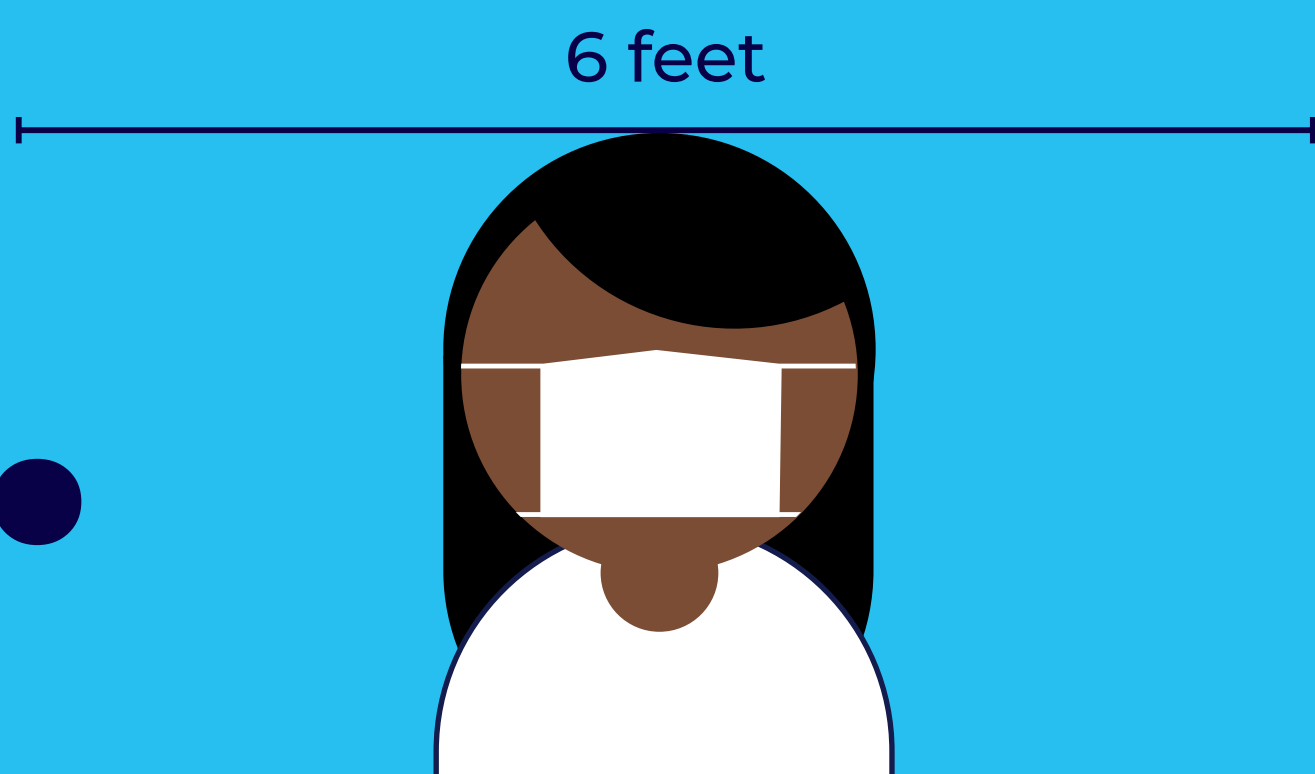

**Follow**  
local guidelines

2.

**Avoid traveling**  
and indoor  
gathering

3.

**Wear a mask**  
and keep  
your distance

This holiday season, stay covered to protect what matters most to you.

**Do your part, every time, for everyone.**
